

Coverage Baseline

Revision: 5 Last modified: 2026-06-09T14:00:00Z

Last updated at commit HEAD on 2026-06-09 (search.py 95%, community plugin coverage push, 88% total).

Summary

Metric	Value
Total coverage	88%
Total statements	8,392
Missing lines	946
Branches (partial)	102
Unit tests passing	4,053 (of 4,074 collected)
Unit tests failing	21
Coverage gate (fail_under)	88

Coverage Gate History

Phase	fail_under	Notes
Phase 0	1%	Baseline
Phase 10	49%	Raised to actual measured coverage
Phase 11	49%	routes.py 95%, search.py 80%, validator 92%, jackett_autoconfig 99%
Phase 12	49%	search.py 84%, theme_injector 99%, env_loader 100%, yts/piratebay JSON guards
Phase 13	49%	search.py 95%, total 88%, community plugin coverage sweep
Phase 14	88%	Gate raised to match actual measured coverage (88.14%)

Measurement Method

```
python3 -m pytest tests/unit/ --import-mode=importlib \  
  --cov=download-proxy/src --cov=plugins \  
  --cov-report=term-missing --cov-report=xml
```

Unit tests only (integration/e2e tests require running containers and are not included in baseline).
